

BE CLUTTER FREE COVID-19 GUIDELINES & CLIENT DECLARATION

INTRODUCTION

Following Government guidelines introduced during the COVID-19 Pandemic I have introduced new policies and procedures to reduce risk whilst working in your home. Please note this document may change should Government guidelines be updated.

ILLNESS

I am unable to work in any household where one or more members are isolating due to symptoms of COVID-19.

If either myself or anyone my household show symptoms I will reschedule our session.

PPE

Hand sanitising will be carried out prior to entering your home. I will be wearing disposable gloves and a facemask for the duration of the session in your home, and I will take my PPE away for safe disposal at the end of each session. Should you require a disposable mask for your session please let me know in advance.

ENVIRONMENT

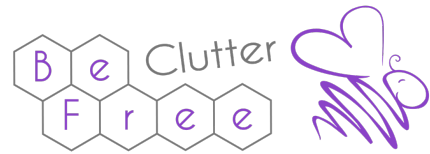

As per the Government guidelines, please ensure at least one window is open during the session, to minimise any possible contamination we will aim to work at least 2 metres apart. Where this is not possible, we will work side by side for the shortest time possible

REFRESHMENTS

Clients may previously have kindly offered a cup of tea or coffee, under these circumstances please don't be offended when I decline your hospitality – I will bring my own water bottle and snacks with me.
